Mom's Night Out Coming Up Soon

You may have just heard of it or you might have already been a part of the action. Either way, Mom's Night Out is coming up and it's a chance for you to bring your mom to the high school to participate in the most feminine of activities: manly things.

For instance, you might tell your mom that there's an FFA supper for mom's and their FFA kids just to get her here. When she gets here, she'll know the truth. Awaiting her will be activities such as sawing a board as fast as possible. They'll take a quiz and maybe drive a nail into a board as fast as possible. Who knows what fun things await them. Maybe a plaque?

That's right – the top three Mom's of the night will receive their very own plaque for their excellent results. But it's not just the competition. It's the fun and the chance to spend time with your mom.

So we'll see you at Mom's Night Out, October 1st, 2007. Just be here at TIME. Any further questions should be directed towards Pat Powers at 641-969-4288.
